ATTENTION OWNER

New Mexico is now using a plate to owner procedure for transferring ownership of vehicles. Under this procedure New Mexico license plates are assigned to you the owner rather than the vehicle. When selling, trading, or transferring ownership of a vehicle the license place must be removed by you before delivery of vehicle is made to purchaser or new owner. You then have thirty (30) days in which to register the removed plate with another vehicle of the same class or return it to a local motor vehicle division field office for cancellation. If you need additional information regarding this procedure, contact your local M.V.D. Field Office or call Santa Fe toll free: 1-800-432-4407.
